

NVS-L1008030HS

OUTDOOR HORN SPEAKER 30W

HORN SPEAKER

DESCRIPTION

NVS-L1008030HS is a weatherproof horn speaker with a built-in 100 V line transformer for constant-voltage PA systems, enabling long-distance transmission with low line loss and parallel connection of multiple speakers. It features wide frequency response and high speech clarity, with a die-cast aluminum horn flare for high durability, corrosion resistance, and deformation-free performance. Suitable for indoor/outdoor paging and alarm applications in stations, parks, schools, squares, military camps, industrial zones, and factories.

FEATURES

- ◉ Durable die-cast aluminum
- ◉ Waterproof
- ◉ Designed for industrial applications

Specifications

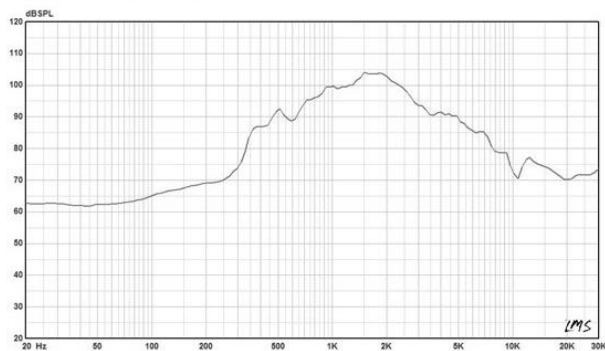

Model	NVS-L1008030HS
Rated Power	30W
Frequency Response	350Hz - 5KHz
Power Tapping	30W, 15W, 10W, 5W, 3W and 1W (@100V)
Coverage Angle	125°
Sensitivity (1w, 1m)	108dB±2dB
Maximum SPL	122dB ±2dB
IP Rating	IP66
Input Voltage	100V
Operating temperature	-50°C~+70°C
Weight	2.5kg
Dimension (WxHxL)	205x283x256 mm
