

CABLE MANAGEMENT

Cable managers provide efficient cable organization, strain relief, and airflow optimization, ensuring a clean and structured network setup. Available in horizontal and vertical designs, they help reduce clutter, improve maintenance accessibility, and enhance overall rack aesthetics.

FEATURES

- Finger Duct Design enables efficient cable routing and organized placement within the duct.
- Allows quick cable addition or removal without disrupting existing connections.
- Rear Pass-Through Holes provides flexible cable entry and exit from the back for cleaner routing.
- Maintains a tidy and structured cable layout for easy access.
- Simplifies cable routing across various rack sections without tangling.
- Optimizes rack space usage with a compact 1U design.
- Provides versatility with front and rear cable management options.

Material	Metal Plate & PVC Loops
Surface Finish	Powder Coated, Finish As per requirement
Height	1U / 2U (Horizontal) ,0U(Vertical)
Color	RAL 9005 - Black / RAL 7035 - Light Grey

ORDERING INFORMATION

Part Number	Description	Height (U)
1515-6101X	1U Base Metal / Loop Plastic Horizontal Cable Manager	1U
1515-4201X	1U Plastic Horizontal Cable Manager with Cap	1U
1515-4202X	2 U Plastic Horizontal Cable Manager with Cap	2U
1515-71XXX	Vertical Cable Manager Loop Type "XX U" Height	"XX "U

X: R1(RAL 9004), R2(RAL 7035), R3(RAL 9010)
